Original Contributions

<i>F. N. Cogswell</i> The Processing Science of Thermoplastic Structural Composites	157
<i>H. Ghoneim</i> Simulation of Balancing Multi-Cavity Molds.....	166
<i>R. Qian, M. Guo, S. Li</i> Effect of High Molecular Mass Tail in the Mol Mass Distribution of Polypropylene on Injection Molding	174
<i>K. Min</i> Flow Visualization Parallel and Perpendicular to the Rotor Axes for Elastomers and Molten Plastics in an Internal Mixer.....	179
<i>G. Ritzau</i> Shear Modification of Polyolefines and its Integration in Polymer Processing	188
<i>K. Murakami</i> Recent Studies on Degradation Mechanism of Rubber Vulcanizates by Chemorhe- ology	198
<i>W. Szydlowski, R. Brzoskowski, J.L. White</i> Modelling Flow in Intermeshing Co-rotating Twin Screw Extruder; Flow in Knead- ing Discs	207

PPS News

1987-89 Officers Chosen by the Polymer Processing Society.....	215
Third Annual Meeting of the Polymer Processing Society – A Truly International Event	215
4 th International PPS Meeting in Orlando, Florida	215
Calendar of Events	216
