

## CONTENTS

**Editorial**

---

 Kobe Steel: International Machinery Manufacturer ..... 190
**Mixing**

---

*L. Incarnato, M. R. Nobile, M. Frigione, O. Motta, D. Acierno*  
 Processing- Structure- Properties Relationships in  
 Blends with Thermotropic Liquid Crystalline Polymers ..... 191
**Screw Extrusion**

---

*R. W. DiRaddo, K. T. Nguyen, A. Garcia-Rejon*  
 Extrusion of Recycled Polymer Feedstocks ..... 200  
*J. L. White, A. O. Adewale*  
 A Unified View of Modeling Flow  
 in Counter - rotating Twin Screw Extruders..... 210  
*T. Sakai, N. Hashimoto, K. Kataoka*  
 Experimental Study on Dewatering and Devolatilizing  
 Operations Using Intermeshed Twin  
 Screw Extruders ..... 218
**Molding**

---

*H. Potente, H. Schulte, N. Effen*  
 Simulation of Injection Molding and  
 Comparison with Experimental Values ..... 224  
*S. Liedauer, G. Eder, H. Janeschitz-Kriegl, P. Jerschow,*  
*W. Geymayer, E. Ingolic*  
 On the Kinetics of Shear Induced Crystallization in Polypropylene..... 236  
*M. Fujiyama*  
 Structures and Properties of Injection Moldings of Glass Fiber-filled  
 Polypropylenes ..... 245  
*C. M. Hsiung, M. Cakmak*  
 Detailed Investigations of Structural Layering Phenomena in Injection  
 Molded Thermotropic Liquid Crystalline Polymers-Part II: Characterization  
 of Microbeam X-ray Diffraction Technique ..... 255  
*H. Hamada, T. Sato, Z. Maekawa*  
 Material Flow During Compression Moldings of Long Fiber  
 Reinforced Thermoplastic Composites ..... 271
**Rapid Communication of Recent Advances**

---

*J. F. Stevenson, T. E. Codispoli, B. Chung*  
 Dimensional Control of Multicomponent Extrusion..... 276
**PPS-News**

---

 Calendar of Future PPS Meetings ..... 279  
 Calendar of Events ..... 279
**Professional News**

---

 Major Rearrangements in European Plastics Producers ..... 280  
 International Developments in Polyvinyl Chloride..... 281  
 International Developments in the Fiber Industry ..... 282

---

**Books** ..... 283

---

**Impressum** ..... 284
